A project given to try out the OOP principles.

PERSONAL STATEMENT

"Passionate and result driven personality with appetite for Software Architecture and Design, Web Development and Artificial Intelligence. I am willing to learn new things and get experience in research and development. I strongly believe in the fact that hard work and dedication lead to success. Seeking an internship to develop my skills and to start my career as a Developer."

ACHIEVEMENTS

Winner: hackX

📅 Sep 2018

- Inter-university hackathon organized by University of Kelaniya.
- Leader of Team Codezillas

Asian Finalist IEEE SS12

📅 Sep 2018

- Representing University of Moratuwa - out of 400+ participants in 100+ universities in Asia.

Finalist Yarl IT Hub

📅 Nov 2018

- Leader of Team Codezillas
